Game 6 Quotes - No. 2 Creighton vs. No. 3 Bradley

Dewey Kalmer, Bradley Head Coach

"They were both outstanding," said BU coach Dewey Kalmer. "They're very similar - not overpowering, strike throwers, mixing it up. Wright gave us a chance to win. You can't ask for much more."

"We made two bad baserunning mistakes, but you don't win games with two hits," Kalmer said. "You have to give Creighton a lot of credit. We haven't scored against them all year."

"This was really a pivotal game," Kalmer said. "If we could have won, we'd have been in the driver's seat. Now we've got to win three to win it."

Chris Wright, Bradley

"I had a good fastball, change, curve. Location, that was the main thing. I was hitting my spots. It's frustrating (to lose despite pitching so well), but that's part of the game, too. Some days you hit, some days you don't. You can't win 'em all."

Ed Servais, Creighton Head Coach

"We're in perfect position," Creighton coach Ed Servais said. "We can let the other teams beat up on each other, and we know we're playing on Saturday. In my 10 years at Creighton, we've never been in this position."

"We were tight as all get out tonight," Servais said. "The late start probably caused some of that, but this was a tight outfit. It would have been easy for Zak not to have his stuff, and we would have been in trouble. We just couldn't get settled in, and that's when your pitcher has to take it upon himself to get things done."
