

Game 6 - Creighton v. Missouri State

CREIGHTON

Coach Ed Servais

On Ross Detwiler: Obviously, the Detwiler kid dominated tonight. He threw more strikes tonight than he did the first time we saw him. I thought we had more competitive at bats tonight.

On Game: We simply didn't play well enough to win. We broke down late in the game, and we pride ourselves on being able to defend and obviously we didn't do in the last two innings. We didn't deserve to win. We didn't play well enough to win; you have to play better than that in this type of game.

Fashion of Loss: We talk all the time about not beating ourselves and tonight we did. When you get exposed like we did there in the eighth inning, it does hurt a little more because that is something we practice a lot. We just fell apart there when the game was on the line. We have to let this one go as quickly as possible.

Chad Ogden

On Detwiler: Against righties, he was pounding his fastball away and then every now-and-then he would throw his change up in and he would get you with two strikes. He was mixing it up pretty well.

Adam Schaecher

On Outing: I felt pretty comfortable, I just felt I was able to slow my body down again and get two or three pitches working for strikes. Any time you can do that you are going to be pretty successful. I thought that was the key to my success for the first six or seven innings.

On 8th inning: It was pretty frustrating because we knew with the kind of pitcher Detwiler is, we weren't going to get tons of opportunities to get runs across. It was a swinging of momentum.

Chad Ogden

On Error: It was probably the biggest error of my life. I pretty much cost us the game, I need to make that play and the game is over. None of it happens if I get the lead off hitter out.

MISSOURI STATE

Coach Keith Guttin

On Game: For seven innings I don't think you could have seen a better ball game. Ross, after we got those three runs, he just really turned it up a notch to get it done.

Ross Detwiler

On Performance: Early in the game I only had the fastball working, and I got by with that until I could find my change up about the third inning. I had trouble with my curveball all day but it really came through in the clutch for me. The defense behind me was really good, and Clay called a great game.
