**ALL-ACADEMIC**

**HONORS**

Starting in 1994, the Missouri Valley Football Conference began recognizing All-Academic Teams, which emphasize the balance between athletic and academic achievements.

The criteria for the Valley Academic All-Conference team voting parallels the CoSIDA (College Sports Information Directors of America) standards for academic All-America voting. Nominees must be starters or important reserves with at least a 3.00 cumulative grade point average (4.0 scale). Student-athletes must have reached sophomore academic and athletic standing at their institutions (freshmen are not eligible) and must have completed at least one full academic year at their institution. League sports information directors vote on the team by designating 11 players for first-team honors and 11 players for second-team honors.

All-Academic Team Champs

2004 W. Illinois/S. Illinois (tie)
2005 Southern Illinois
2006 Indiana State
2007 announced in July 2008

In 2005, the conference introduced an All-Academic Award (for team achievement). It is based on the average student-athlete grade-point average for the previous academic year (e.g. fall of 2004/spring of 2005 for the 2004 honor). The GPA calculations are calculated for all student-athletes who compete, practice or receive athletic aid during the academic year.
