Switch!
State Farm MVC Championship to Unveil New Format

In 2010, the State Farm MVC Softball Championship will unveil a new bracket after two years under the double-bye, single-elimination format. Three games have been added to this year's bracket, allowing teams losing games five, six and eight the opportunity to play their way into the winner-take-all championship game in the modified double-elimination set up.

Fans can now follow the State Farm MVC Softball Championship on MVC Live, the conference's new video streaming program. MVC Live is a partnership between the Missouri Valley Conference and WebStream Productions - the creators of the highly-acclaimed Horizon League Network. Live game action from a television-like production including multiple cameras, graphics and professional announcers will be available via www.mvc-sports.com for all games leading into the televised final.
