

Game Three

Quotes

Indiana State

Head Coach Jim Wiedie

“I thought defensively that was a very good effort, especially to start the second half. It was reminiscent of the game at our place. This team has been good all season at focusing on one game at a time. I’m not a big proponent of the whole not being able to beat a team three times. You either execute or you don’t.”

“Our young kids played well today. The freshmen have been key for us all year long.”

“Our communication was better in the second half and we were able to execute.”

Melanie Boeglin, 5-6, Sr. Guard

“After a couple of losses, we really wanted to get after it defensively.”

“(Angie) Janis is a really good player and she is hard to keep off the boards. She hurt us posting up, but I think our double team was effective.

Stephanie Lisch, 5-10, Jr., Guard

“We didn’t have to play a game yesterday and I think that was a big key to our intensity”

Creighton

Head Coach Jim Flanery

“This game was fairly similar to the game in Terre Haute. We unraveled due to the pressure in the first few minutes of the second half and it quickly became a catch-up game. We don’t match up well with them. Our biggest weakness is turnovers and their strength is pressure on the ball handlers. They know we aren’t a good ball handling team and they took advantage of that. It is hard to guard them when you are chasing them from behind.”

“It is hard to put together a press break for every situation that you will see from them. We don’t have the experience at the guard position to be effective.”

“(Melaine Boeglin) was key for them when the game was broken open. She is a great player. No matter how many points she scores or how many assists she has, she is able to turn the game around. She was their best player and a big reason they won.

Angie Janis, 6-1, Sr., Forward

“I don’t think so (that they were tired from last night). They were good and we turned the ball over. They capitalized on our mistakes. This the conference tournament. I think it is hard to get tired.”

“It did (talking about the press bothering them). They forced the turnovers and we got flustered and turned the ball over. They are a great defensive team.”

Ally Thrall, 5-6, So., Guard

“Last night we were so excited to get the win, but then we had to wake up this morning and get into a whole new mind set. I think we came out strong. We were only down four at the half and I think we did a good job of transitioning from last night to today.”
